MEDICAL REHABILITATION | EMPLOYMENT PLACEMENT | DISABILITY SERVICES

## SPECIALTY PROGRAMS

### DRIVING EVALUATION AND TRAINING PROGRAM

- 101 participants received services.
- 52% of participants who completed their programs were deemed eligible to drive.
- 24% of participants approved for driving had adaptive equipment recommended.
- 100% of participants reached for follow-up have driven 90 days without an accident.
- 46% of clients reported driving daily and 19% reported driving several times per week 90 days after discharge.

Comments from participants:

*"It was perfect. I did not feel like I was under any pressure."*

*"I was very impressed and very happy."*

## TWELVE MONTH REVIEW OF PROGRAM OUTCOMES AT THE REHABILITATION INSTITUTE OF KC THROUGH DECEMBER 31, 2014

### ASSISTIVE TECHNOLOGY PROGRAM (ACCT)

- 208 participants received services.
- Participants planned to use their assistive technology at work, school or for personal needs to enhance independence or communication.
- Program participants received an average of 3.5 hours of training on equipment.
- 100% of participants contacted were pleased overall with services and would recommend to others.
- 100% of participants contacted for follow-up continue to use their equipment and skills one year after discharge from the program.

Comments from participants:

*"Everything was excellent!"*

*"Your staff members are very professional and represent the Institute well.*

*Thank you!"*
