

Rehabilitation Institute of Kansas City

Strategic Plan 2012-2014

Top Priority Concepts That Will Drive Progress within the Rehabilitation Institute of Kansas City:

- A. We shall secure the capital to support necessary improvements to infrastructure and technology.
- B. We shall enhance quality to ensure growth in effectiveness and achieve exceptional outcomes.
- C. We shall build strategic alliances and strengthen external relationships as required to be effective and grow.
- D. We shall develop and implement initiatives to improve processes and make RIKC very efficient.
- E. We shall implement processes for improved decision-making and for tracking the effectiveness of activities.
- F. We shall enhance our visibility and recognizability within the area.
- G. We shall enhance our role as a community authority and a leading provider of rehabilitation services.
